

FEBRUARY 2017

## WHPA Members,

Follows is a rebroadcast of a recent CPUC announcement regarding the upcoming EM&V Report release schedule. As you will see below, HVAC 1 and 3 are scheduled to be posted to the Public Documents Area Website on March 1st, with a webinar to be held on March 8th.

### Why This Is Important

Evaluation, Measurement, and Verification (EM&V) is a series of activities that seek to assess the performance of energy efficiency projects and programs through accurate, transparent and consistent metrics. As HVAC experts, your review and comments regarding the draft reports help evaluators attune themselves to the issues surrounding the complex nature of HVAC, thereby increasing the efficacy of their studies and accuracy of their findings.
