Dear WHPA Members,

The following notification was received yesterday from the CPUC with a subsequent request to disseminate it to our Membership. This is one of several direct requests that we've received over the last couple of months and we should all be proud of the great progress the WHPA has made in showing the value of our participation in regulatory and policy activities. Many thanks for your past and continued participation in these important workshops and our sincere appreciation to our regulatory and policy counterparts for helping to ensure that the voices of the WHPA members are heard.

Best Regards,

Shea Dibble and Ellen Steiner
WHPA Co-Directors
